Name:		

REFRACTION STATEMENT

A refraction is a screening test, separate from your exam, that determines whether you need glasses or whether your current glasses prescription needs to be changed. This helps us determine your best possible vision and most importantly, if your vision cannot be corrected with glasses, a refraction can determine whether an underlying eye disease is the cause for your decreased vision.

If today's refraction is done for the purpose of prescribing new glasses, the refraction charge of \$50.00 will not be covered by most insurance companies. Your insurance company may pay this charge if your health care coverage includes a vision plan. You will be expected to pay this charge when you check out today, and then you can submit your receipt to your insurance company for possible reimbursement. Please do not ask us to bill you for this amount.

Since we don't want to present you with any hidden charges, we will give you a prescription for new glasses only at your request. Please sign this statement below acknowledging that you have read and understand the definition and purpose of a refraction.

Financial Policy for Billing & Collection

Payment Policy

Thank you for choosing us as your eye health provider. We are committed to providing you with quality and affordable eye care. The following is our payment policy. Please read it, ask us any questions you may have and sign it in the space provided. A copy will be provided to you upon request.

- 1. <u>Insurance:</u> We participate with most insurance plans, including Medicare and Medicaid. If you are not insured by a plan we do business with, payment in full is expected at each visit. If you are insured by a plan that we do business with, but you do not have a current insurance card, payment in full for each visit is required until we can verify your coverage. **Knowing your insurance benefits is your responsibility**. Please contact your insurance company with any questions you may have regarding your coverage.
- 2. <u>Co-payments coinsurance and deductibles:</u> All co-pays must be paid at the time of EACH visit. This arrangement is part of your contract with your insurance company. Failure on our part to collect co-pays, coinsurance and deductibles from patients is considered fraud. Please help us in upholding the law by paying your co-payment at each visit. YOUR COPAY WILL NOT BE BILLED TO YOU. Coinsurance and deductible amounts are your responsibility and will be billed to you after we receive the explanation of benefits from your insurance company.
- **3.** <u>Self-pay patients:</u> All self-pay patients are required to pay the **FULL** amount of the day's charges at the time of the office visit.
- **4.** Non-covered services: Please be aware that some, perhaps all, of the services you receive MAY be non- covered, or deemed experimental or investigational, or not considered reasonable or necessary by Medicare or other insurances. By signing this policy document you acknowledge that you are responsible for payment of these services.
- 5. Proof of insurance: All patients MUST complete our patient information form before being seen by the doctor. We must obtain a copy of your driver's license, and current, valid insurance card to provide proof of insurance. If you fail to provide us with the correct insurance information in a timely manner, you will be responsible for any charges incurred if the information provided is incorrect or not up to date including denied claims due to terminated coverage, exhausted auto benefits, denied workers' compensation claims or no insurance coverage.
- 6. Claims Submission: We will submit your claims and assist you in any way we reasonably can to help you get your claims paid. Your insurance company may need you to supply certain information directly. It is your responsibility to comply with their request. Your failure to respond to insurance carrier correspondence or to coordination of benefits inquiries will result in the balance of the claim becoming your responsibility. Please be aware that the balance of your claim is your responsibility whether your insurance company pays your claim or doesn't. Your insurance company benefit is a contract between you and your insurance company: we are not party to that contract.

- 7. Coverage Changes: If your insurance changes, please notify us before your next visit, so that we can make the appropriate changes to help you receive the maximum benefits. If your insurance company does not pay the claim within 45 days, the balance will automatically be billed to you. We will notify you of non-payment so that we can get your assistance in getting the claims paid. Most insurance companies have imposed "timely filing" deadlines that possibly could impact payment on your account. Some deadlines are as early as 60 days from the date of service. If you fail to provide us with the correct insurance information in a timely manner, you will be responsible for any charges incurred if the information provided is incorrect or not up to date.
- **8.** <u>Returned Checks:</u> For ALL returned checks there will be a \$50.00 processing fee (which is the fee we incur from the bank for your returned check) added to the amount of the check and this will be your responsibility to pay in full by cash, credit card or money order within 72 hours of the date of notification. From this point on, we will not accept a personal check from you.
- 9. <u>Insurance Referrals:</u> Some insurances require a referral from your Primary Care Physician. If your insurance requires a referral, it would be written in your contract with your insurance company. It is your responsibility to obtain the referral, PRIOR to your appointment. You cannot be seen without the referral and your appointment will be rescheduled. In addition, due to scheduling purposes, we cannot wait for you to make the call when you arrive at the office and we will not call your PCP for you. If the insurance company decides not to pay for your claims due to a missing referral, you will be responsible for the denied claim.
- 10. Non Payment (patient): If your account is over 90 days past due, you will receive a letter stating that you have 15 days to pay your account in full. Partial payments will not be accepted unless otherwise negotiated and documented in the form of a payment plan. Please be aware that if a balance remains unpaid, we will refer your account to a collection agency and you will be discharged from the practice until your account is paid in full. In that case, you will have 30 days to find another physician, and during that time, your specific doctor at Delaware Eye Clinics will only be able to see you on an emergency basis, which will be determined by our office. In addition, you will be responsible for all costs associated with the collection of your balance including all collection agency fees and attorney's costs.
- 11. <u>Missed appointments:</u> Our policy is to charge for missed appointments not canceled within 24 hours of your appointment. For each missed appointment, there will be a \$75.00 fee. These charges will be your responsibility and billed directly to you. Additionally, you will not be able to receive any further services at our practice until you have paid the missed appointment fee. Your future appointments will be canceled and cannot be rescheduled until the fee is paid. Please help us serve you better by keeping your regularly scheduled appointment.

Our practice is committed to providing the best eye care possible to our patients. Our prices are representative of the usual and customary charges for our area. Thank you for understanding our financial policy. Please let us know if you have any questions or concerns.

I have read and understand the financial polic	y and agree to abide fully by its guidelines
